## **Welcome to the City of Rochester Hills and Borden Park!**

We are pleased to host the **Cobra Challenge Tournament** at our facility and will do everything we can to make your stay a success. Please ask our Park Staff if you need help with anything or if you're not sure about our Park Rules.

Please note the following:

### **1. Parking is permitted only in designated hard-surfaced spots.**

There are plenty of designated parking spots in the main parking lots by the Hamlin Road and John R. Road entrances. Any violators parking on the grass may be ticketed. This is to keep critical areas cleared from congestion so that emergency vehicles will have easy access to all areas at any time, as well as improve visibility for vehicles and pedestrians, especially children.

### **2. Gas grills are recommended.**

If you plan on grilling in the park, we recommend bringing in gas grills only. Portable charcoal grills are discouraged as they pose a safety hazard, and there is no place available in the park to discard the hot coals.

### **3. Alcohol is not allowed anywhere inside the park.**

This policy will be strictly enforced everywhere in the park, including the parking lots. Offenders may be ticketed for ordinance violation, fined, and removed from the park.

### **4. Pets are welcome, but only on a 6-foot leash.**

No matter how friendly your pet may be, all pets must be on a six-foot leash and under your immediate control. Please respect other park users around you.

### **5. Help keep our park clean - don't litter.**

To maintain a clean, family-oriented environment for your tournament, we expect all park patrons to use the garbage cans located throughout the park for their refuse.

Please check our Borden Park website at [www.rochesterhills.org](http://www.rochesterhills.org) and our [Park Ordinance](#) for all other rules and regulations.

Thank you!  
And good luck to all teams and players!
